

PARTIALLY CASSETTED

Genéva

Retractable Patio Awning

BA | Bel-Aire®
awnings & screens

Your

desire to enjoy cool, comfortable shade on sunny days will be fulfilled in style with the premium quality of the Genève awning system. This beautiful, German engineered awning provides shade without any unsightly poles to obstruct your view.

Our awnings elegantly enhance the quality of your home. Whether you want to make a bold statement or simply have your awning blend with your home, we offer over 200 beautiful fabric patterns and styles.

No more crowding under an umbrella needing adjustment as the sun moves. No more staying inside to avoid the sweltering sun.

Distinctive homes and discerning homeowners deserve a premium awning. With excellence in each detail, you will enjoy your awning everyday.

Other specifications

Bel-Aire's Welded Seam is on the left, versus others' traditional stitched seam on the right.

The Genève tucks away into its hood when not in use, protecting the fabric from the elements.

Home

design and architecture should incorporate the need for functionality and easy living. Bel-Aire Awnings go hand-in-hand with style and practicality to offer the utmost in shaded comfort.

No matter how hot the weather, you can utilize your Bel-Aire Awning with ease and peace of mind to fully enjoy your outdoor living space. Your awning has an attractive look that makes an elegant statement.

When you don't need your awning, simply retract it with the turn of the hand crank or press of a button if equipped with an optional motor. It is then retracted to blend with the lines of your home's exterior.

Your new awning is made to your exact specifications and installed by one of our independent awning professionals.

Other specifications

The optional front rail drop screen adds additional shade without blocking your view.

The awning may be roof mounted when space requirements cannot be met.

Genéva Specifications:

Partial cassette helps protect the fabric roll when retracted.

Available in 200+ beautiful acrylic fabric patterns and colors.

Patented articulating shoulders provide easy to adjust pitch control. These drop forged components will last a lifetime.

« Choose from a wide selection of motors and controls to make your awning completely automated.

With incredible strength and a sleek appearance, the Genève has patented articulating shoulders that provide easy-to-adjust pitch control. The drop forged arm and shoulder components are much stronger than those used by most other manufacturers. An integrated hood wraps around the back to cover the fabric roll making this awning perfect for roof mounting, while the sleek front bar closes tight to protect the fabric when retracted.

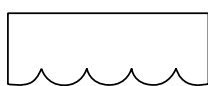

Warranty

See www.belaireawnings.com for warranty details by model.

Valance styles* for 200+ fabrics

Straight with Braid

Inverted

Scalloped

Straight with Hem
